

Company Profile

What Do We Do?

The staff at Atrans are committed to delivering Punctual and Professional transport Solutions for YOUR Business Every Time. ONE PHONE CALL, ONE REQUEST. We will find a transport Solution for YOUR Business...

How Do Atrans Deliver Solutions?

The directors and senior management of Atrans have been involved in Machinery and Equipment Transport for more than 20 years. We have intrinsic knowledge of the industry and have developed a system that allows us to timely allocate vehicles, specific to each task, for each of your transport requirements.

Our transport, “management only”, strategy allows us to concentrate on **SERVICING THE CUSTOMER**, whilst building and ever growing source of professional contractors that meet strict guidelines in relation to Safety, Fatigue Management, Safe Working Methods, Insurance, Communication and general compliance with relevant procedure and policy. Using this format Atrans will continue to rate contractors based on their compliance and general performance, thus creating an environment where those that comply and perform are those that are sent to carry out your transport task.

ON TIME and WITHOUT DAMAGE

EVERYTHING we do revolves around SAFETY sand CUSTOMER SERVICE!

Communication and Responsibility...

Atrans understand the importance of clear and decisive communication between parties. Your company representatives will deal with Atrans staff directly in every instance as we believe it is our responsibility to ensure each transport task is carried out correctly and completely.

What can we Supply?

What can't we supply? While our expertise is in Heavy Haulage and the movement of Machinery and Equipment throughout South East Queensland, We Can and Do supply competitive solutions for all types of transport. Our business network extends far beyond one transport office, as we have working relationships with a range of intra and interstate general freight service providers, Wharf landside personnel through our wharf division, Courier services daily throughout Brisbane, Queensland and much more.

- **Tilt Trays 1t to 20 tonne**
- **Low Loaders up to 100 tonne**
- **Crane Trucks up to 25 tonne**
- **Flat Top Trailers**
- **Extendible Trailers, Wide Loads, High Loads**
- **Drop Deck Trailers**
- **Courier services**
- **General Transport to anywhere in Australia**
- **Transport Consultancy**
- **Wharf Access**

Try Atrans Today and find out why we are the preferred transport provider for many of Queensland's leading companies!

Our People.

Atrans staff are experienced transport providers with the equipment and proven working systems to allow us to provide a viable solution to your transport inquiry. Ask us today and let us show you by example how we can make booking transport a care free experience and find out what we can do for your business.

Rates..

Our unique system allows us to source the right solution for the right price. We guarantee we will deliver at a competitive rate with No hidden costs or fuel levies. While many transport companies are often restricted by their own vehicle range, Atrans staff have access to a range of vehicles that extends far beyond just one fleet, and gives options depending on each task requirement. Cost is an obviously part of each decision making process and forms part of an important process that delivers the right Transport Solution for YOUR Business.

Fixed Rates Schedules can also be developed specifically to suit your business on request. A consultant can sit down with your transport manager and discuss your requirements resulting in a transport system specific to your needs with known costs to your company.
